

WESTVILLE GIRLS' HIGH SCHOOL
NATIONAL SENIOR CERTIFICATE RESULTS – 2017

We are proud of the 2017 grade 12s, who completed grade 12 against the backdrop of political and social upheaval, managing to sustain our 100% pass rate. Measured since 1994 this is no mean feat. Statistical details released by the Department of National Education show 17 schools in KZN who have managed to maintain this since 2013. Only 2 schools on the list have over 200 learners and 10 have under 50 learners, some as few as 2 or 6 learners.

215 learners obtained Bachelor passes (98% of the learners). The rest of the Grade 12's (5 learners) achieved Diploma passes.

The grade 12 class of 2017 achieved 542 subject distinctions over a range of 15 subjects. WGHS only offer subjects approved at University level.

Diyajal Ramraj achieved 7 distinctions and was placed 4th in the District. She was placed 10th provincially. Congratulations go to Diyajal not only was she Dux of 2017 but she scored 100% for Physical Science in the NSC examinations. She scored over 90% for all her other subjects.

One of our grade 12s of 2017 battled with her health during the final NSC examinations writing one of her papers in hospital. She has one paper in English that she was unable to write in November 2017 but will write a supplementary examination in June 2018. Angelique Wheeler, despite her illness, passed all 6 subjects she completed and will obtain a Bachelor's pass once her English is added to the results. We are proud of her determination to succeed in the face of great pain and adversity.

The success of the Grade 12s of 2017 is due to the combined efforts of passionate, well-qualified teachers, caring, supportive parents and dedicated, determined work on the part of the learners.

Grade 12s of 2017 your school journey is now complete. Congratulations!
